25, Tintern Terrace, South Morang 3752 Melbourne, Australia

I graduated from RMIT, Melbourne with a Bachelor Degree of Arts(Animation and Interactive media) and have always had a passion for 2D animation, illustration and design.

I am a hardworking person who enjoys learning new things and always strives to improve myself as an artist.

Throughout my years of studies as well as being in the work force, I have learnt proper time management in order to meet datelines. Therefore, I believe I will not have any trouble fitting in and working under busy schedules to meet your organization's needs. I am able to accept constructive criticisms graciously and am willing to learn to improve in areas that I am lacking.
